Baku

Situated on the vibrant shores of the Caspian Sea, Baku is a place where tradition meets innovation. Renowned for its rich history, breathtaking architecture, and dynamic culture, Baku is the heart of Azerbaijan and one of the most attractive destinations in the Caucasus region. Blending Eastern charm with Western sophistication, this city is a unique hub where people aspire to live, work, and explore.

Sea Breeze is a prestigious coastal residential complex in Baku that combines a premium lifestyle, comfort, and high investment potential. Within this partnership, both companies aim to elevate the region's real estate landscape to a new level by bringing together architectural elegance, modern living, and long-term value.

Sea Breeze

Resort Life in the City and the Philosophy of Healthy Living

Sabah Towers is designed for those who wish to experience a calm and balanced resort life by the sea every day, without disconnecting from the city's dynamics. This concept focuses primarily on the holistic health of individuals and families, the quality of leisure time, and becoming a part of the coastal ecosystem.

The project introduces Azerbaijan's first "Longevity Wellness" concept, centered on personalized and complete rejuvenation processes. Feeling the sea breeze every morning when you open your window, regenerating at a cellular level, and replacing daily worries with a natural relaxation atmosphere form the foundation of the project. All necessary infrastructure is centralized in one place to maintain the balance between an active lifestyle and peaceful living, extending the quality of life and youthfulness.

More Than Just a LIVING SPACE

This is a holistic living ecosystem that integrates life, relaxation, rejuvenation, and sports. Every detail has been thought through to discover distinct experiences and ensure absolute comfort within the family.

Living Space

Apartments blending
comfort with resort
aesthetics

Relaxation

Infrastructure
operating 365 days
a year

Programs and spaces
that maintain body and
mind balance

Community

A family atmosphere where
neighbors with shared
interests come together

The Center of Coastal Dynamics

Located in Sea Breeze, one of Baku's fastest-growing coastal zones, the project offers direct access to the Caspian Sea and social amenities.

Direct access to the Caspian Sea and the coastal promenade

Proximity to culture, festival, and entertainment hubs such as **Halfmoon, Casino, and Dream Arena**

Marina and beach ecosystem

365 Days of RESORT LIVING a Year

Blending modern city life with resort comfort, it offers residents the opportunity to live, relax, and enjoy a health-focused lifestyle in an exclusive retreat environment all year round.

The seashore becomes a key element for unwinding and restoring inner balance. Within the complex, special programs are designed to reduce stress, improve sleep quality, and renew the body.

Mental and Physical Rejuvenation

Massage and Sauna Rooms

Personalized rejuvenation areas designed to leave the day's tension behind, fully relax the body, and achieve mental tranquility.

Cold Plunges and Biohacking Services

Innovative wellness solutions that accelerate recovery, boost the body's energy potential, and restore inner balance.

Wellness Cafe Serving Organic Products

A healthy dining space where nutritious meals and natural beverages align the daily diet with your wellness rhythm.

Active and Energetic EVERY DAY

Making movement and sports a part of your daily routine is now effortless. Staying active is just a few steps away from your apartment.

A spacious gym fully equipped
with modern fitness gear

Professional paddle tennis court
and tennis courts

2 outdoor pools, 1 indoor pool zone
and coastal walking paths

A Creative Environment for Children's Development

Freedom of movement, safety, and socialization are the pillars of family-oriented living. An infrastructure active in all seasons is available for your children to both learn and have fun.

Kids Club

Creative workshops and development programs

Safe Playgrounds

Dedicated indoor and outdoor zones

Family Activities

Open-air cinema, picnic zones, and joint marathons

Volume and Light

Architectural principles within the complex focus on creating maximum natural lighting and a sense of spaciousness in the interior.

RS Capital Investments LLC is a strategic alliance between Sabah Investment Group and Reportage Group, established to co-develop and manage prime real estate projects globally. This partnership combines the international investment acumen of Sabah Investment Group with the proven construction track record of Reportage Group, a leading private developer in the UAE, to create a powerful platform for world-class residential and mixed-use complexes.

Committed to excellence and innovation, RS Capital Investments focuses on creating long-term value through a growing portfolio of landmark developments in the world's most dynamic markets. The company's projects reflect a shared commitment to quality, sustainability, and making a lasting impact on the global real estate landscape.

Sabah Investment Group (SIG) is a leading international holding company specializing in strategic real estate and private equity. Guided by principles of sustainable growth, our diverse portfolio is built upon a foundation of long-term development across global markets.

SIG operates through a fully integrated lifecycle model, managing every stage from initial acquisition to professional asset management. This seamless structure ensures that every project is executed with safety, accountability, and excellence. With a proven track record of success in Azerbaijan, the UAE, Georgia, and Turkey, we leverage our deep regional expertise and forward-looking investment strategies to create lasting value in a rapidly evolving global economy.

Reportage.

Reportage Group is one of the leading private real estate developers in the United Arab Emirates, with a substantial global footprint spanning the UAE, Egypt, Turkey, Saudi Arabia, Uganda, and Azerbaijan. Our mission is to redefine urban living by delivering modern, sustainable, and accessible housing solutions that provide a safe haven for residents and a high-yield, secure asset for investors.

Combining cutting-edge innovation with architectural excellence, Reportage Group tailors its projects to the unique characteristics of each market we enter. We remain steadfastly committed to environmental stewardship and social responsibility, ensuring that each development not only meets the demands of modern urban living but also contributes positively to the communities we serve.
